

How Can I Be Of Further Assistance?

Here are some ideas...

- Make an annual donation commitment... From \$5 to \$50,000... it all adds up!
- Become a Volunteer. Most helpful tasks can be done *from home*.
- Become a Benevolent Sponsor –sponsor a FULL reconstructive surgery for \$10,000 You *will* change a woman’s life forever *and*, be a partner in her personal journey.
- Internet Research- to help us find grants available to woman’s causes.
- Talk about us in your workplace and with friends and family...& spread the word

The quickest way to spread the word, both locally and nationally is to **WRITE LETTERS!**

Important words in the right direction can change the world... Many television shows and magazines focus on women’s causes and actually need stories to do their work! A bit of national exposure could change the face of MHC and a simple note to could ignite the fire that makes that happen: the more folks they hear from, the better for us all. Don’t worry if you don’t hear back... send it again...someone will see it eventually- persistence is the key to success!

Television:

The View, The Oprah Winfrey Show, LIVE! With Regis And Kelly, The Ellen Degeneres Show, The New Martha Show, The Megan Mullally Show, The Tyra Banks Show, The Today Show, Good Morning America, The Early Show to name the best...

Magazines:

Homemaking Magazines: Woman's Day, Women's Health, Family Circle, Good Housekeeping, O, The Oprah Magazine, Better Homes & Gardens, Redbook and True Story are good places to start. Send them a note saying you support MHC and its mission... and want them to know about it!

- Local Exposure- call or write a radio station, newspaper, magazine, or networking organization and ask them if they would like us come out and speak about our program.
- Hold A Fundraiser -Ask us for ideas or brainstorm with your friends and co-workers to hold an event on our behalf- ex. A golf tourney, wine and cheese parties, old-fashioned bake sale! Existing businesses always partner with charities- it is a *Win-Win* opportunity. We call it “raising money in our sleep” and we hope to create these relationships nationwide.
- Support our charity functions and bring your friends!
- Forward *your* ideas to us, two heads are better than one!

Feel free to contact us at any time with ideas, or questions to help our causes.

All ideas are good ones!

Thank you for Your Support!
